Other

- Possible courtesy message on December 1 to remind players to update their ratings after USTA ratings come out in November
 - Does this potentially cause issue for players who bump up and out of their current division in matchtime?
 - Should courtesy reminder go out at the end of the season, or beginning of next year before registration?
- Possible rule/verbiage change/clarification in rule book
 - Rewrite rules of ratings – 5.0 players who are 4.5 players at time of registration/roster (bumped up mid season), can both 5.0 players play together on same court once their rating is bumped?
- Remind all captains to report any new players to the director of their division
